DETAILED ACTION

Allowable Subject Matter

Claims 1 – 9, 11 – 17, and 19 – 25 are allowed.

The following is an examiner's statement of reasons for allowance: As interpreted by the Examiner, the current amendment contains a limitation not shown in the prior art. Specifically, the prior art does not show the use of pattern identifiers wherein a new (e.g., modified) pattern maintains an identifier with the same predefined attribute as an original pattern identifier. Support for this amendment is found in Applicant's specification paragraph [0069]: "...the new pattern number is a pattern number that maintains the attribution of the current (the original) pattern number (identifier)."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
